This is a simple whistle design that relates to a live-streamed YouTube video, via the Carbatec YouTube channel.

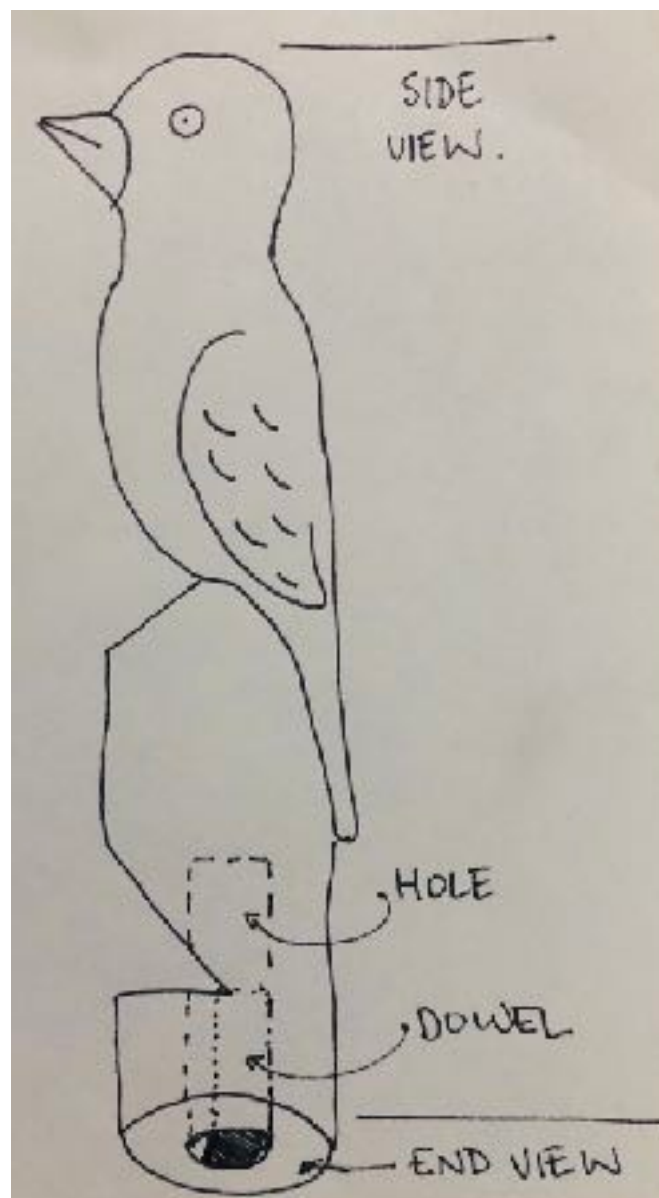

Title of Video: *Woodcarving with Olivia O'Connor - How to make a quick and easy whistle from a stick or dowel.*

Streamed on: 10th July 2021

Please watch the video to make sense of the design below and don't forget to 'tag' me in photos of your finished carvings/prints on Facebook or Instagram!

Your twig needs to be about 25mm thick and between 100 - 150mm long.

For any questions about this carving, please ask them in the comments section of the video and I will get back to you.

Please note: this bird whistle template has been gifted to you by Olivia O'Connor for your personal at home use only. The design, template, prints or finished carvings made as a result of this design/template are not to be sold, distributed or published without the prior written consent of Olivia O'Connor.
